Links to Other Court PACER Sites and the PACER Case Locator from within CM/ECF

Each District court has the option to provide two new links within CM/ECF so PACER users can access other courts and the PACER Case Locator from within CM/ECF. The [Links to Other Courts](#) menu item points to the court PACER links page on the PACER Service Center website, so PACER users can more easily navigate from one court to another without having to access the PACER Service Center website outside of CM/ECF. The [PACER Case Locator \(National Index\)](#) menu item points to the PACER Case Locator on the PACER Service Center website.

The [Links to Other Courts](#) and the [PACER Case Locator \(National Index\)](#) links open in separate windows.

Following are some scenarios where a PACER user may or may not have to enter login information when clicking on either of the two new links:

- If a user who is logged in to CM/ECF as a PACER user clicks on [Links to Other Courts](#) and selects a court, the user will be required to enter his login information only if the selected court is on a release earlier than Release 4.2.
- If a user who is logged in to CM/ECF as a PACER user clicks on [PACER Case Locator \(National Index\)](#), the user will not be required to enter his login information.
- If a user is logged in to the PACER Service Center site, the user can access all court links as well as the [PACER Case Locator \(National Index\)](#) without having to enter his login information again.
- If a user does not have a PACER ID when initially logging in to CM/ECF, the user will be prompted to log in at the PACER Case Locator site or any other court via [Links to Other Courts](#).

Docket Report

- If an attorney has an inactive email address, the label (*Inactive*) now appears beside the email address on the docket sheet
- For the *View Multiple Documents*, *Create Record on Appeal*, and *Create Appendix* options on the Docket Report selection screen, the **View Selected** button is not active until the user selects at least one docket entry.

Criminal Cases Report

The selection criteria screen for the Criminal Cases report now includes an option so the user can determine whether Central Violations Bureau (CVB) cases should be included in the report output. Note: The District of South Carolina does not have CVB cases in CM/ECF at this time.
