* Section 13.4.3(j) of the ECF Policies and Procedures addresses the need to limit public access or distribution of information or materials that would be “inappropriate for display or distribution through the PACER or ECF System (including materials with graphic, pornographic, obscene, or scandalous content.)” All materials, whether filed in electronic or paper form, are subject to the requirements of section 13.4.3. This order does not relieve attorneys and parties from their obligation to comply with section 13.4.3.
